Castle Rock, Montana.
Oct. 25 1919.

Mt. Vernon Signal.
On the 22nd of October, we had a hard rain early in the morning; this rain soon turned to snow and by ten o'clock, the snow was two and one half feet deep. It is now twenty degrees below zero. The cold weather is coming earlier than usual. Mr. Lee Norton, son of J. E. Norton, sent his little son, Andrew, to Bolder, Montana to school. This is his second term and he is learning fast. Zade Norton and Jesse Decker had quite a race on October 23rd with a wolf. They chased it ten miles and caught it. They are very much pleased with their catch. They are planning to bring it to Kentucky this fall. We are having quite a number of cases of flu. The people of the Castle Rock Community Club had a Basket social. After supper, they danced the rest of the night. Baskets and dance tickets brought \$150.00 which was used for the benefit of the hall. Everybody had a good time.

"FOR A GREATER ROCKCASTLE"

VOL XXXIII

MT. VERNON, ROCKCASTLE COUNTY, KY., FRIDAY, NOVEMBER 7, 1919

NUMBER

TOBACCO TO BE HIGH

Lancaster Market
Should Be the Best
In the State

Warehouse About Completed

Every indication points to one of the finest tobacco crops ever raised in Garrard county and from the encouragement received by the directors and stockholders of the Garrard Tobacco Warehouse from the growers of this and adjoining counties, there seems no reason why the local market here should not be the banner market of the state.

Garrard county has long been known as the best tobacco county in the state, the weed from this county always bringing the top prices on every market on which it has been sold, and with the present fine crop raised this year and being sold over the local market, it is not unreasonable to suppose that our market should not top any in the state.

Last year the farmers of this county lost something like \$100,000 by selling to "pinhookers," taking their tobacco to the markets of Lexington, Danville and Richmond and seeing their crop sold for double what they were paid and in some instances trebled. The farmers and tenants are getting wise now and they don't propose to be caught "napping" again.

In ten days the Garrard Tobacco Warehouse will be completed and when done will be the best one in the state. It is just about the size of the "Public Square" in Lancaster and 125 wagons can easily be accommodated within its doors. Every pound sold can be prized in the huge building and loaded into the cars on the switch owned by the company, and which accommodates nineteen cars.

PLENTY OF BUYERS.

Messrs. L. G. Davidson, John M. Farra and R. L. Burton have just returned from North Carolina and Virginia and report tobacco on these markets bringing fabulous prices, bringing home samples that brought more than one dollar a pound.

These gentlemen while there succeeding in contracting with several buyers, among them, J. P. Taylor and Company, P. L. Lillard and Company, R. J. Reynolds Company, American Tobacco Company, Liggett and Myers Tobacco Company, Buckley and Saunders, W. R. Hampton Company and G. O. Tuck Tobacco Company.

Some competitive propaganda has been going over the country to the effect that the Garrard Tobacco Warehouse Company would not be able to secure the buyers. This should knock that into a "cocked hat," for all of the above will be here and many more, as soon as the proper pricing rooms can be arranged for them.

The gentlemen who visited North Carolina, informs us that in conversation with Mr. William Reynolds, of the R. J. Reynolds Tobacco Company he told them that Garrard County tobacco was used extensively in their "Prince Albert" smoking tobacco and that it would give him great pleasure in sending one of their best buyers to this market. Now that's the word with the "bark" on it and goes to show that Garrard county tobacco is known all over the country. Can you doubt for a minute that the buyers will not be on the floors of the Garrard Tobacco Warehouse?—Lancaster Record.

Our army is returning to these shores eighteen thousand tons huskier than when it left. The average increase in weight of the American soldier was twelve pounds to a man.

SMILES

A VALUABLE SIGN.

During an epidemic in a small Southern town every infected house was put under quarantine. After the disease had been checked, an old negro protested vigorously when the health officers started to take down the sign on her house.

"Why, Auntie," exclaimed the officer, "why don't you want me to take it down?"

"Well, sah," she answered, "dey ain't be'n a bill-collectah near dis house sence dat sign went up. You-all let it alone!"—Harper's.

THE NAUGHTY TYPE

A certain editor and publisher of a country newspaper in Kansas was asked to leave the community as the result of a typographical error in his report of the wedding of the mayor's daughter.

After exhausting his supply of large words about the "blushing bride," he said: "The large elaborate bouquets of roses were punk."

The mayor demanded a correction and apology in the next week's issue, all of which the editor was glad to promise.

The next issue contained: "We wish to apologize for the manner in which we disgraced the beautiful wedding last week. Through an error of the typesetter we were made to say, 'the roses were punk.' What we wanted to say was that 'the roses were pink.'"

WHO TOOK THE PILL?

The little daughter of a homeopathic physician received a ring with a pearl in it on the Christmas tree. Two days later she poked her head tearfully in at the door of her father's office.

"Papa," she sobbed, "Papa, I've lost the little pill out of my ring."

WOULDN'T DO

Johnny and Jimmy were at a party and being away in a corner at supper time, they were not looked after very well. They managed to get some jelly and bread and butter but no spoons.

"How shall we eat our jelly?" asked Jimmy.

"Balance it on our bread and butter," said Johnny.

"I tried that," retorted Jimmy "but it won't stay on; it's too nervous."—Chickasaw Propeller.

STUTTERING REPARTEE

A man who was in the habit of stuttering was asked why he did so.

"That my p-p-peculiarity," returned the man. "Everybody has his p-p-peculiarities."

"I have none," asserted the other.

"Don't you stir your tea with your right h-h-hand?"

"Yes."

"Well, t-t that's your y-p-peculiarity. Most people use a s-spoon."—Junior Herald.

SUPPLYING THE LOSS

A professor of science well known for his absentmindedness, was engaged in a deep controversy one day with a fellow-student when his wife hurriedly entered the room. "Oh, my dear," she cried, "I've swallowed a pin."

The professor smiled. "Don't worry about it, my dear," he said in a soothing tone. "It is of no consequence. Here,—he fumbled at his lapel—"Here is another pin."

"If"

"Private Blank," said the Colonel severely, reprimanding a doughboy for a minor breach of military regulations, "what would you do if I should tell you that you were to be shot at sunrise?"

"Gosh, Colonel," replied the Yank, watching the shadow of a grin steal over his officer's face, "I'd sure pray for a cloudy day."—The Passing Show.

REPUBLICAN LANDSLIDE

Kentucky has evidently given Mr. Morrow, Republican candidate for Governor, a majority of about 30,000.

Rockcastle county voted for Governor and for and against the Prohibition Amendment as follows:

Precinct	Mr. Black	Mr. Morrow	Dry	Wet
East Mt. Vernon	67	175	127	87
West Mt. Vernon	138	211	205	106
Roundstone	27	158	140	27
Scaffold Cone	33	162	89	31
Crooked Creek	15	104	54	38
Orlando	51	73	79	41
Livingston	80	212	125	75
Walnut Grove	56	116	67	66
Brown	108	122	96	49

Red Hill	10	111	63	40
North Brodhead	69	111	80	45
	826	2020	1536	717

Mr. Morrow carried the county by 1134 votes.

The Prohibition Amendment carried by 819 votes.

There were 3375 ballots printed for this county.

In the general election there were 2890 votes counted.

2253 votes were counted on the Prohibition Amendment.

The candidates elected in the town election are as follows:

Police Judge, William Carmicle.
Trustee, W. H. Fish.
Trustee, W. B. Sigmon.
Trustee, F. E. Miller.
Trustee, Elmer Peiciful.
Trustee, Jonnie Clontz.

PLEASE REMEMBER THAT THE SIGNAL GIVES RESULTS OF ELECTIONS, IN PARTY POLITICS, AND DOES NOT COMMENT ON THE RESULTS. We do want to say that when a telegram came from Louisville asking for the vote on the Prohibition Amendment that we gave this vote with pride. However this amendment seems at this writing, to have lost in the state as a whole, and we are far from being proud of that.

Swinebroad, the Real Estate Man

The last half of October, Swinebroad, the Real Estate man of Lancaster, was kept busy holding sales. On October 15, he sold for Mrs. Geo. Backer, Mrs. Lynn Buster and Mrs. Wm. Geary, 865 acres of land in Wayne County, adjoining the town of Monticello, to various parties in building lots and farm for the aggregate sum of \$94,504.83. On the 18th he sold for Mito Simpson a tract of 75 acres of unimproved land in Garrard county at an average of \$214.00 per acre. On the 21st he sold for R. W. Guinan his farm of 335 acres in Mercer county to different parties at an average price of \$280.00 per acre; a portion of the farm with the improvements, about 243 acres, averaged \$307.00 per acre. On the 22nd he held another sale in Garrard County and sold 140 acres for N. J. Gosney at \$75.00 per acre. Again, on the 24th, he sold at auction for J. L. Butler his home of 190 acres in Lincoln County at \$85.00 per acre. On the 28th, he sold for Allen Edelen 170 acres of land in Mercer County, in two tracts of 85 acres each at an average price of \$162.50 per acre. And on November 1st for H. V. Bastin a brick residence and about 4 acres of land just at the edge of the city limits of Lancaster in Garrard county, for \$1175.00, and on the same day two building lots for Roy Schooler at \$1700.00 each. Total sales amounted to \$312,402.00. All of these sales were very successful and again demonstrated the fact that when it comes to selling land Swinebroad is in a class by himself. His experience in making subdivisions and knowing how to sell farms and his judgment of the value of land and make his services much sought after and he is one of the few real estate men who have realized that the real estate business is a profession and must be conducted so as to secure and hold the confidence of those with whom he deals. Swinebroad also believes in printer's ink and we judge that he spends more in advertising than any other real estate man in the business and is thereby able to give his clients the best of service.

MISSOURI APPLE CROP BRINGS \$2,200 AN ACRE.

J. E. Johnson, Marienville, Mo. who is in the famous Ozark big, red apple belt, writes that they are now in the midst of harvesting their crop of Ben Davis, Champion Blacktwig, Winesap, Ingram and Gano apples. He says the apples are fine and the crop in his section will reach 500 earloads. Several orchardists near him sold their crops for \$400 an acre for the apples on the trees. One orchard of nearly fifteen acres of York Imperials brought \$2,200 per acre for just the crop of apples on the trees. This does not seem possible, but Mr. Johnson says that the man who told him was a responsible man and he says he asked him several times, as he thought the man had "his wires crossed," but he said not, and that it was a bona-fide sale and that the buyer would make good money on them as he has in the past. He says that with a good crop and unheard-of prices which buyers are offering, even the orchardists are surprised. Mr. Johnson is planting an orchard himself. Last spring he received \$1,450 from 2 r-2 acres in strawberries.

HARRISON COUNTY FARM SELLS FOR \$400 ACRE.

Cynthiana, Ky., Nov. 3.—Frank Lair today sold his farm of sixty-eight acres on the Leesburg pike, to Tom Ashury, of Carlisle, for \$400 an acre.

This is said to be the record price for farm land in Harrison county.

RECORD PRICE FOR LEAF

Georgetown, Ky., Oct. 29.—The highest price for tobacco reported was paid W. L. Nutter for 50,000 pounds, a Lexington company 85 cents, plus half of profits and paying \$5,000 in advance.

Have you read what Daniel Webster said in the U. S. Senate when it was proposed to get a transcontinental railway to California? Hear him:

"What do we want with this vast worthless area, this region of savages and wild beasts, of deserts and shifting sands, of cactus and prairie dog? What can we ever hope to do with the western coast, a coast of 3000 miles, rockbound and cheerless, uninviting and without a harbor. Mr. President, I will never vote one cent from the public treasury to place the Pacific coast one inch nearer to Boston than it now is."

Malne, by an overwhelming vote, recently endorsed the proposal to raise the bonded indebtedness of State highways from \$2,000,000 to \$10,000,000, giving additional \$8,000,000 to be spent on the State road system. This is one of the instances showing a country wide movement for better highways, as reported to the United States Department of Agriculture, which administers the Federal Aid Road Act.

MEMORIAL BRIDGE.

Frankfort, Ky., Oct. 28.—The movement started here by War Mothers to erect a memorial bridge to soldiers and sailors over Kentucky river will be brought before the State convention at Lexington.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—look up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.
